### TRAVELDINING

## Matchbox

**M**atchbox Vintage Pizza Bistro, winner of Best New Restaurant for 2004 in Washington DC, has burst on the scene in Palm Springs. This exciting new restaurant brings a decidedly hip and urban feel to historic Downtown. Michael Estrada, best known locally as the Managing Partner and Chef of The Falls Prime Steakhouse explains, "We looked all over the country to find a unique and special dining concept to bring to the Valley, and Matchbox was it!"

The menu consists of both east coast-style thin crust pizzas and bistro pairings created to fit perfectly with the concept that is Matchbox – interesting textures, fresh and zesty flavors served up with two degrees of comfort and a sprinkling of urban flair!

The thin-crust pizzas (served until 1 a.m.) are formed with hand-pressed dough made daily from scratch and artfully decorated with fresh cut cheeses, zesty marinara sauce and toppings. The bistro menu features an array of salads, tasty calamari, and award-winning mini burger appetizers. Entrees include dijon-crusted pork chops, snapper, crabcakes, sausage rigatoni, juicy steak and an array of seasonal specials.

Very architecturally appealing with a wood-fired pizza oven, rich hardwood floors, open fireplaces, and three large balconies overlooking Palm Canyon Drive, it's a great place to "hang out". Be sure to check out their large and eclectic array of European and micro-brew beers and wide selection of specialty infused vodkas and rums—fun! Matchbox is open daily from 11 a.m. Located in the heart of Palm Springs (look up from the Sonny Bono statue) at 155 S. Palm Canyon Drive. Call 778-6000 or visit [www.matchboxpalmsprings.com](http://www.matchboxpalmsprings.com) for more details. 

*Stimulate the palate.*

### Experience The Falls.

A fine dining experience should leave you feeling stimulated and satisfied. The Falls offers just the solution to fulfill your needs - a world class martini bar and extraordinary fine dining. And, with live entertainment at our two locations, your senses will be truly stimulated.
